

Foresters Financial™ build calculator

Our build calculator will provide a tentative assessment for potential life insurance clients aged 16 and up. **Please enter your client's height and weight in the fields below.**

Height: feet inches **Weight:** pounds

Tentative assessment:

Notes

- The tentative assessment is for single impairment of build only. If there are additional impairments other than the client's build, please email underwritinginquiries@foresters.com for a risk assessment.
- Clients age 18 to 45:
 - Clients applying for non-medical coverage with tentative assessments of standard to 150% may be eligible for non-medical underwriting.² Tentative assessments of 175% or higher must be fully underwritten.
 - If ratable for build and diabetes, please use the [Diabetes Worksheet for Non-Medical Business](#).

¹ Build calculator is for illustration purposes only. This tool does not replace underwriting guidelines and requirements.

² Insurability depends on answers to medical and other application questions and underwriting searches and review.
